English

0.5\$ i like it. Simple and fun game you can play to pass some time. :) . by the way, why does this game have 5 versions of it with

---

the same exact gameplay? . and an even better question. Why did I end up buying version number 2 of the game, when it was more expensive than the first one? :O . Haha jk, it's barely any difference in price and definitely worth the money anyways.. It's a fun little game that, when you're bored, can play and hope to achieve a new high score by stacking blocks. Personally, it's well worth my \$0.50.
